OUR OFFICE AND STORAGE FACILITIES LOCATED 1 MILE SOUTH OF ROGERS ON HIGHWAYS 71 AND 62

Where We Are . . .

We are located in Arkansas — in the northwest corner county (Benton), only twelve miles south of the Missouri line and twenty-six miles east of the Oklahoma line; eighty-one miles almost due north of Fort

Smith, Arkansas, and eighty-three miles, almost due south of Joplin, Missouri; one hundred twenty-nine miles east of Tulsa, Oklahoma, and one hundred six miles southwest of Springfield, Missouri. On Federal highways 71 and 62, just south of Rogers, Ark.

ON THE TIP TOP OF THE OZARK MOUNTAINS where our growing season is

almost thirty days shorter than at Fort Smith, Arkansas. Our summers are short and nights are cool, and our growing season more like that of North Missouri, Iowa and Nebraska, than Eastern and Southern Arkansas.

Hence, our stock is well adapted to the extreme Northern, Eastern and Western States as well as being the best for Southern States.

ROGERS WINS NATIONAL BETTER HOMES CONTEST

Rogers, Ark., Aug. 11 (Special)—Rogers as been awarded first honors in the 1941 national Better Homes Contest, according to word received from Purdue University, Lafayette, Ind., by Mrs. Bob L. Bamback, chairman of the better homes program staged by the civic organizations.

Churches, schools and the women's clubs last May assembled newspaper clippings and pictures used in the contest.

This award is made annually by the University to one city in the United States. Benton County has won the high merit award for counties in the United States for the third straight year.

These shrubs are well rooted and will grow into an extra fine plant in one year. They are first class in every respect and you are sure to be well pleased with them. This lot will range in height from 10 to 24 inches and extra good plants; ALTHEA (Rose of Sharon) double white, red or pink;

DEUTZIA, Pride of Rochester; FORSYTHIA, Intermedia; HONEYSUCKLE, white or pink; MOCK ORANGE, white; PRIVET (hedge plants), California, Amoor River, and Ibolium; SPIREA, Van Houttei; SNOWBERRY, red; WEIGELIA, pink; HYPERICUM (gold flower) yellow.

THIRTEEN REASONS WHY YOU SHOULD BUY FROM US...

- 1 Because we sell you the best trees, plants and vines that can be produced at prices far below what others will ask you for the cheap, worthless kind. Our nursery stock is grown by the best methods known to nurseries and no better can be produced regardless of prices. We offer \$100.00 reward for improved method on how to grow better nursery stock.
- 2 Because we prepay the postage or express charges on all orders amounting to \$10.00 or more, except Balled or Burlapped Evergreens.
- 3 Because we sell direct to the fruit growers saving you the Agent's or middleman's commission.
- 4 Because we guarantee satisfaction or your money refunded, and we pay postage or express both ways.
- 5 Because we do not belong to any trust or combine, and are free to make our prices just as low as we believe we can afford.
- 6 Because all our trees and plants are guaranteed to be free from disease and insects, and have all been inspected by our State Inspector and each shipment bears a certificate of inspection.
- 7 Because we use every caution to keep all our varieties true to name and should a mistake occur and any variety prove untrue to name we will replace it free of charge or refund the price paid for it.
- 8 Because we grow and offer for sale only varieties that are known to be good fruits and money makers.
- 9 Because Benton County, Arkansas, has many, many acres of varieties of fruits, and we have under our close observation a greater variety of fruits and berries than our competitors.
- 10 Because Ozark Mountain, Arkansas, Grown Nursery stock is now considered by Horticulturists to be the best that can be produced.
- 11 Because trees and plants must be well rooted if success is to be made with them. Ours are the best to be had.
- 12 Because our old customers send us repeated orders and their neighbors send us their orders; a proof that they are well pleased.
- 13 Because we use extreme economy in both growing and selling our nursery stock, thereby saving money for you.

FEED YOUR TREES!

DO YOUR PART

By Planting a Vegetable Garden Now

BEANS

Pkt. 10c; 7 oz. 25c; 14 oz. 40c
2½ lb. 80c

IMPROVED GOLDEN WAX. Early bush, stringless.
STRINGLESS GREEN POD. Bush, Deep green color.
TENDERGREEN. One of the best bush beans grown. Entirely stringless.
BOUNTIFUL. Very early and a heavy bearer. Delicious.
KENTUCK WONDER. Pole bean with the finest quality.

1,200 TO ONE BEAN—A Gigantic Wonder. Over 200 pods have been grown on a single plant—all well filled, producing over 1,200 beans from one bean. Strong, erect plants, bearing pods well up from the ground. Order now as supply is limited.

Pkt. 10c; 7 oz. 35c; 14 oz. 60c

BEETS

Pkt. 10c; 1 oz. 50c; ¼ lb. \$1.50

DETROIT DARK RED. Sweet and extra tender.
CRIMSON GLOBE. A home and market variety. Medium late.
CROSBY'S EGYPTIAN. Extra early, crisp and very tender.

CARROTS

Pkt. 10c; 3 Pkts. 25c; 7 oz. 95c

DANVERS HALF LONG. Very smooth, rich orange color.
OXHEART. Early favorites, short, thick, blocky.
CHANTENAY CORELESS. Sweet, tender, and entirely coreless.

SWEET CORN

Pkt. 10c; 7 oz. 25c; 14 oz. 45c
2½ lb. 85c

WONDER BANTAM. Tender, yellow and full of flavor.
STOWELL'S EVERGREEN. Hardy and highly productive. Sweet, white.
BLACK MEXICAN. One of the best and tenderest sweet corns grown. White when ready for eating.

CUCUMBERS

Pkt. 10c; 3 Pkts. 20c; ¼ lb. 80c

BOSTON PICKLING. Best for pickling. A great producer.
LONG GREEN. Fine for slicing and canning. Tender, crisp.

LETTUCE

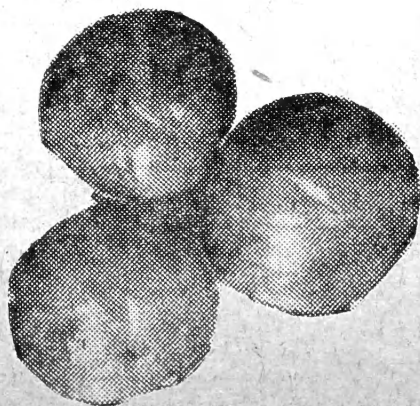

Pkt. 10c; 3 Pkts. 25c; ¼ lb. 75c

NEW YORK (WONDERFUL). Immense size heads, crisp tender leaves.
BLACK SEEDED SIMPSON. A leaf variety with large, light green leaves.
BIG BOSTON. Early head, solid, light Golden heart.

MUSKMELON

Pkt. 10c; 3 Pkts. 25c; ¼ lb. 50c

SUGAR ROCK. The rind is tough and the flesh firm; good shipper.
HONEY DEW, THE FAMOUS MELON. Green flesh, fine for home and market. Juicy and sweet.
HALES BEST. Sweet, sugary, salmon flesh. Early.

TOMATOES

Pkt. 10c; 3 Pkts. 25c; ¼ lb. 75c

EARLIANA. Earliest, smooth skin, uniform.
MARGLOBE. Globular, almost coreless.
BREAK-O-DAY. Early, wilt resistant, large fleshy, good quality.

COLOSSAL

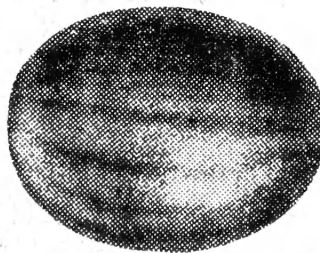

This is a large tomato, being even larger than the famous Ponderosa. Many planters in different parts of the country have grown Colossal Tomatoes weighing over 3 lbs., and some more than 4 lbs. Not only does the Colossal produce giant fruits but it produces them in abundance. One planter in Illinois raised over a ton of Tomatoes from 186 plants. The very thick, meaty flesh, few seeds, and mild flavor combine to give the Colossal a quality on a par with its immense size. Unsurpassed for slicing or canning.

Pkt. 20c; 3 Pkts. 50c

WATERMELONS

Pkt. 10c; 3 Pkts. 25c; ¼ lb. 60c

TOM WATSON. An old favorite, flesh is deep bright red color.
CALIFORNIA HONEY. A small type melon just the right size to fit into your ice box.

Mammoth Prize Watermelon

Mammoth Prize is a large Watermelon. Many grow to from 100 to 150 pounds. On one vine, 5 melons were grown that weighed 152, 151, 149½, 148¾ and 147 lbs., the five weighing a total of 748 lbs. The seed we offer is extra select, and should produce fine, sweet, juicy melons of excellent quality and enormous size.

Pkt. 10c; 3 Pkts. 25c; ¼ lb. \$1.00

Kleckley's Sweet or Monte Cristo

One of the earliest, best and sweetest-flavored melons in cultivation. On account of its thin rind, it will not stand shipment to distant markets, but it is the best that can be grown for the home and nearby markets. The skin is dark green. It is of symmetrical oblong shape, well rounded on both ends. The flesh is scarlet, firm, solid, and of delightful flavor.

Pkt. 10c; 3 Pkts. 25c; ¼ lb. 60c

PEAS

Pkt. 10c; 7 oz. 25c; 14 oz. 40c
2½ lb. 80c

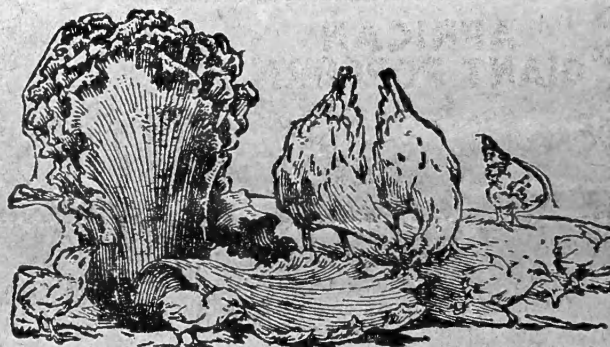

EARLY ALASKA. A smooth early variety and excellent for canning.
AMERICAN WONDER. Early and one of the best.
THOMAS LAXTON. Mid-season, medium growing, fine flavor.

Garden Huckleberry

The Garden Huckleberry produces from seed the first year. A new fruit that cannot be excelled for pies and preserves. Very prolific, yielding an immense crop of fruit. It is an annual and must be planted each year from seed. Grows and thrives in all climates and on all kinds of soil. The fruit grow larger than the common Huckleberry or Blueberry. If cooked with apples, lemons, or anything sour, they make the finest jelly. You will be delighted and astonished with this easily grown, wonderful novelty.

Pkt. 10c; 3 Pkts. 25c

SEEDS FOR POULTRYMEN

POULTRY CABBAGE

Is a wonderful green food for poultry and has been known to yield 3 tons in a space 40 by 60 feet. You can't beat this for low priced feed. One-half pound of seed will grow enough greens to feed about 1,000 hens for four months; 3 pounds to an acre for 6,000 hens for four months. Poultry Cabbage is a rapid grower. In the Northern States the seed may be sown any time from early spring until the middle of July. In the South, seed may be sown throughout the entire year.

Pkt. 10c; 3 Pkts. 25c; 1 oz. 45c

Chisha, or Chicken Lettuce

You have, no doubt, read in the poultry journals that lettuce is an excellent feed for chickens. In the Chisha Lettuce you will find a feed that yields as much or more than other green feeds. It is economical to grow this strain, for when cut it resumes its growth rapidly and can be cut again and again; or the leaves can be pulled off each stem like the Jersey Kale. The yield is extremely heavy. Chisha, or Chicken Lettuce, does not make a head, but sends up a stout stalk, 3 to 4 feet high, and just loaded with leaves.

Pkt. 10c; 1 oz. 35c; ¼ lb. \$1.10

POULTRY BEET - MANGEL WURTZEL

Furnishes a tremendous yield per acre and makes an excellent green feed for poultry during the winter months and always increases egg production. Mangel Wurzel are excellent food for cattle and keep them in perfect physical condition and increase the flow of milk. Only a little garden space will be required for growing enough to last all winter, and they are very productive. Stored in cellar or any cool place, they will keep until spring.

Pkt. 10c; 3 Pkts. 25c; ¼ lb. 85c

MAMMOTH RUSSIAN SUNFLOWER

Sunflower seed is an excellent poultry feed at all times, and especially during the molting season. Single heads often measure 12 to 22 inches in diameter and contain an immense quantity of seed.

Pkt. 10c; ¼ lb. 35c; 1 lb. 80c

KEEP THE
Food
Production
Line Going

IN THE WAR!

RAISE VEGETABLES for your HOME & NATION

NEW CLIMBING WATERMELON

A superb variety that may be trained and tied to trellis, etc. Melons about size of large cocoanuts; crimson flesh of the highest quality; rich and sweet. Fruit ripens for a long period, unlike other sorts which ripen their fruit mostly at one time. An ideal melon for the small garden.

Pkt. 10c; 3 Pkts. 25c

VINE PEACH

Ripe fruit in 80 days after seed is planted. This wonderful Vegetable Peach is the most beautiful of all vegetables. They resemble oranges in color, shape and size and grow on vines like melons. They present a beautiful and tempting appearance when canned and make delicious preserves and pickles; fine for pies. There is nothing like them. Extremely early; of the easiest culture, and very prolific.

Pkt. 10c; 3 Pkts. 25c

PUMPKIN

Pkt. 10c; 3 Pkts. 25c; 1 lb. 60c

MAMMOTH KING. The largest of all.
SWEET POTATO. The best for making pies and custards.

POPCORN

AFRICAN GIANT POPCORN

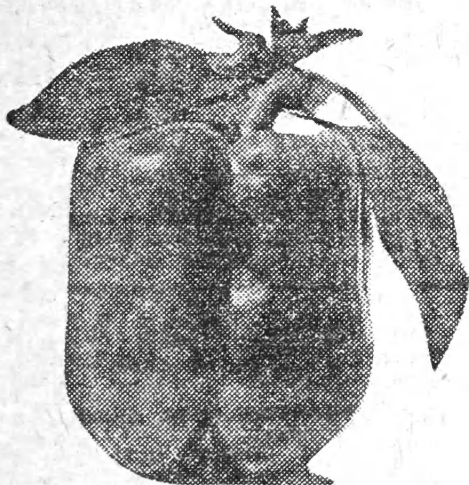

Special Bred Disease-Free Seed Pop Corn

Extra large, smooth grains. Some of them as large as one inch in diameter after popping. Pops with a loud bang. The minute it starts to pop, it sounds like a battle. Rich, cream-colored grains. Tender and delicious.

Big 7-oz. Package

Enough to raise all the seed you need for next year.

Pkt. 25c

PEPPERS

Pkt. 10c; 3 Pkts. 25c

CALIFORNIA WONDER. Large, sweet, crisp and tender.
LONG RED CAYENNE. Bright red color, strong and pungent.

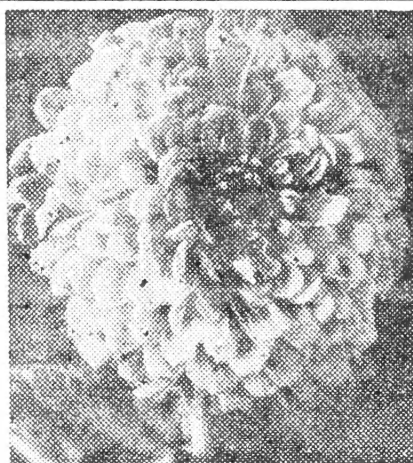

RADISHES

Pkt. 16c; 3 Pkts. 25c; 1 lb. 55c

WHITE ICICLE. Extra early, mild, tender.
EARLY SCARLET WHITE TIP. Tender and crisp, sweet flavor.

Plant a Garden for Defense of Country and Home

Protect your family's health and contribute to Victory by eating vegetables grown in your own back yard.

Dahlia-Flowered GIANT ZINNIA

This type bears flowers of mammoth size and in form like a perfect Decorative Dahlia. The plant is a strong grower and flower stems are long and stiff. This remarkable variety includes a complete range of delicate, bright and rich colors from white, yellow, lavender and rose to orange, scarlet and crimson. A wonderful cut flower.

Pkt. 10c — 3 Pkts. 25c

ANGEL'S TRUMPET

Large tropical leaves with trumpet-shaped flowers — pure white and as fragrant as jasmine. Blooms indoors in winter, and in the garden in the summer.

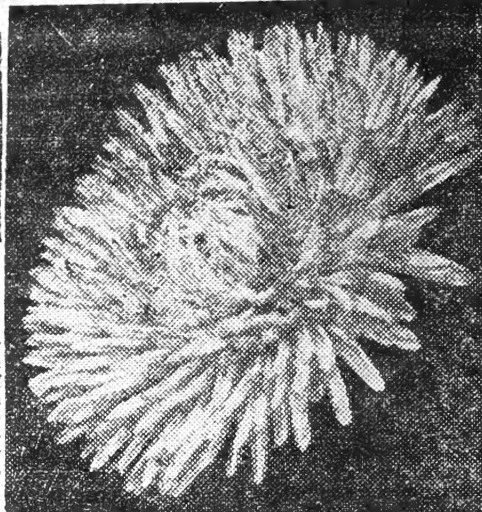

Pkt. 20c

FLOWER SEEDS

MEXICAN FIRE PLANT (Annual Poinsettia)

A variety of Poinsettia which grows quickly to a height of 2½ to 3 feet from seed sown in the open during May. About the middle of summer, the top central leaves turn to rich orange-scarlet, similar to the famous greenhouse variety of Poinsettia which is so popular about Christmas time. A blaze of glory throughout the summer and fall. Can also be grown as a house plant.

Pkt. 10c — 3 Pkts. 25c

Ostrich Feather Asters

We are now offering improved strain of Giant Ostrich Feather, and consider it the finest of all Asters. The plants are about 2½ feet high, robust in growth, and branch freely, and are loaded with magnificent feathery, full, fluffy flowers par excellence. Beautiful mixed colors.

Pkt. 15c; 2 Pkts. 25c,

BALSAM PEAR

Ornamental Vine with Edible Fruits
A very ornamental and curious climbing vine with glossy green foliage. Pear-shaped ornamental fruits known to Chinese as La-Kwa, and used extensively in China as a food for human consumption. Usually prepared for the table by boiling the fruits before they are ripe. Give it a trial, both as an ornament and as an addition to your list of edible fruits.

Pkt. 10c — 3 Pkts. 25c

ORNAMENTAL GOURDS

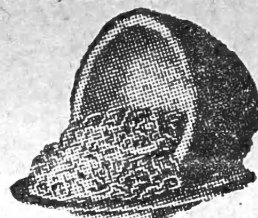

Calabash Pipe — Dishcloth — Nest Egg — Pear-Shaped — Powderhorn — Sugar Trough
A fine mixture of rare, useful, ornamental varieties.

Pkt. 10c — 3 Pkts. 25c

VEGETABLE SPAGHETTI

This delicious new vegetable from Persia thrives in all climates and in any ordinary garden soil. Each plant produces from six to ten beautiful bright yellow, oblong fruits about 8 to 10 inches long. Each fruit is filled with a delicious spaghetti-like pulp. When fully ripe, the whole fruit (without cutting or peeling) should be cooked 20 minutes in boiling water; then cut in half. A dishful of this delicious vegetable spaghetti comes out of each fruit. Season with salt, pepper and butter and serve hot. This remarkable vegetable is one of the most valuable and useful of recent introductions, and should be grown in every garden.

Pkt. 10c; 3 pkts. 25c;
1 lb. 70c

SHOO-FLY PLANT

It is said that flies will not stay in a room where it is grown if they can conveniently escape. What it is about it that repulses them is not clear, as the plant and flowers have no odor. It is a beautiful flowering plant, and blooms in a short time (60 days) from seed. It is a profuse bloomer in pots both summer and winter, the blooms being large, cup-shaped and of a lovely light blue color with white center.

Pkt. 10c; 3 Pkts. 25c

CACTUS SEEDS

Cactus make most interesting house plants, extremely odd and curious, and many have gorgeous and beautiful blossoms, sweet scented, and blooming profusely. These oddest of all plants grow in many shapes and sizes, are easily grown, thrive and bloom with very little care, and endure the heat and dryness of the ordinary living room. Much pleasure may be derived in growing them from seed. Everyone is delighted and surprised at the odd appearance of a Cactus just sprouting. If you desire a fine collection of rare varieties, sow the seed in pots or boxes in a warm room in moist sand, and the seed will grow quickly. We have fresh seed of a mixture of choice varieties.

YOUNGBERRY

The new Youngberry has achieved the greatest success ever scored by any of the berry family. It not only bears very heavily but the fruit is easy to handle; it is very attractive, ships well, keeps well and can be used in so many commercial possibilities and it fits in so well in the home garden that everybody should be interested in having a few vines or a commercial planting. The Youngberry is the result of the careful and patient efforts of Mr. Young in crossing the Loganberry and the Texas Dewberry. It has given the world its choicest bush berry with characteristics in size, appearance, flavor and general usefulness that has opened new possibilities in berry culture.

Youngberries are universally liked and easily grown. They are among the largest berries; of dark wine color, have a minimum of seed, highly flavored and yield a rich looking cherry colored juice. In the home garden you will find that more fruit will be produced from a few Youngberry bushes than any others that will grow on the same amount of ground. Youngberries thrive where any other berry fruits grow but do best in states of the same latitude as Ohio and South.

These evergreen are young trees, from 3 to 5 years old. They are well rooted and well shaped and will in a few years make a fine specimen evergreen. We offer the following kinds that will range in height from 10 to 20 inches: Norway Spruce, Black Hill Spruce, Juniperus Virginiana, Scotch Pines, American Arborvitae, Chinese Arborvitae.

BENTON COUNTY NURSERY CO. INC.

Extra Large

ALL-PURPOSE TREES

Ideal for Orchard Replants—Quick Pollenization—Home Plantings—Heavy Rooted Early Bearing Specimen Trees.

We are offering you an opportunity this year to buy some older more developed Apple Trees. For a good many years we have had requests for larger, older trees than the ones we had been offering and we have grown these trees especially for the purpose of giving you just the thing you have asked for.

The Trees are recommended for replanting in existing orchards where quick results are desired; also they are found invaluable for planting in orchards where quick cross pollenization is desired. Many of the varieties offered are now set with bloom buds!

These trees are ideal for the small planter who desires quick results from a home orchard and where there is only room for a few trees to be planted.

We strongly recommend these trees for any purpose where a heavy caliper, large top, and extra heavy rooted tree is desired. These trees are not less than six feet in height and from two to four years in age.

18 Bushels from 10 Trees the 2nd Year
 February 6, 1939

Dear Sir:
 We ordered about sixteen trees from you and put them out in January, 1936.
 In 1938 we gathered three bushels of Plums, four bushels of Red Bird Cling Peaches, eight bushels of Early Elberta Peaches, and three bushels of Krummel October Peaches. They were large, fine peaches and were of such good flavor. I am a Benton County Nursery booster, and am ordering your Banner Fruit Collection today.
 Yours very truly, MRS. KATE V. WHITE,
 R. No. 1, Box 93, Durant, Oklahoma

Customer for 10 Years
 January 31, 1939

Dear Sir:
 I have been a customer of the Benton County Nursery Company for ten years and find that there are no others that can compare with them for good stock and price. During that time I have ordered from other nurseries but have been sorry.
 I have ordered from one hundred to four hundred trees every year and in 1938 I bought three hundred trees. I am not boosting your Company only making an honest confession about your nursery stock. I got seven bushels of apples from one single tree and six bushels of America plums from one tree, and this was first class fruit, too.

In 1934, when my Florence Crab apple tree was six years old, it made six bushels of apples. They were gathered the 10th of August and I sold them all to one man for \$1.50 per bushel. This same man helped me gather them and we noticed at that time some blooms on the tree. The fifteenth day of October I gathered some over a bushel of fall apples off this same tree. Then it had the third crop of blossoms and I took them to the City Editor at Gainesville, Texas. Now, don't think this is not true for it is, and I will make an affidavit to this fact and get the best man in Cooke County to sign it.
 You may expect another order from me in the fall.
 Yours very truly, MR. J. Y. JOHNSON,
 Valley View, Texas.
